

Acadia Healthcare's team of Treatment Placement Specialists® (TPS) offers free, comprehensive, informed guidance for clients and clinicians who are seeking care for those in need of an alternate level of care for mental health disorders, eating disorders, and substance use concerns. With access to a wide range of clinically driven programs both within and beyond Acadia's network, our TPS team offers tailored solutions for nearly every demographic.

## LEVELS OF CARE:

- Inpatient treatment
- Residential treatment
- Partial hospitalization programs (PHPs)
- Intensive outpatient programs (IOPs)
- Detoxification
- Medication-assisted treatment
