

Acadia Healthcare's team of **Treatment Placement Specialists® (TPS)** offers free, comprehensive, informed guidance for clients and clinicians who are seeking options for those in need of an alternate level of care for mental health disorders, eating disorders, and substance use concerns. With access to a wide range of clinically driven programs both within and beyond Acadia's network, our TPS team offers tailored solutions for nearly every demographic.

REFERRAL PROCESS

- 1 Identify** a patient or client in need of an alternate level of care.
- 2 Contact** your TPS directly via phone, email, or fax.
- 3 Provide** items needed for referral, such as client name and demographics, clinical summary, and timeline.
- 4 Receive** personalized treatment recommendations designed to align with your clients' clinical needs, health insurance coverage, and transportation and logistical factors, ensuring a seamless and effective experience.
